Why Captiva Solutions?

If you are a tech startup or an organization looking to ensure that its IT needs are met, Captiva Solutions offers the most innovative and adaptive IT solutions to cater to all business needs; no matter how small or big they may be!

Our IT professionals are highly skilled at building, maintaining, and securing critical computer and network infrastructure and offer solutions to virtually any technical issues your business might currently be facing.

By staying up to date with the latest IT technologies and trends we are able to provide the safest and most comprehensive solutions that help safeguard your business from cyberattacks and other compliance-related issues.

Using dedicated resources, strategic partnerships, and specialized risk frameworks such as CoBIT, NIST RMF, ISO 27001, and FedRAMP we have developed award-winning solutions and products customized to accommodate unique business models.

Our Process

At Captiva Solutions, our clients are always top priority! IT and risk management can be exceedingly complex and beyond the understanding of most business owners.

Thus, our process ensures that our clients first speak to our skilled consultants so that they are able to better identify their IT problems and offer solutions in layman terms that can be easily understood by even a non-technical person.

Our process then ensures that the transition process to more functional IT solutions is smooth and results in increased productivity and efficiency for future business operations.

Step 1.	Step 2.	Step 3.
Consultation	IT Development	Execution & Results

Our Story

Captiva Solutions, LLC was founded in 2010 as one man's vision to provide training to students looking to earn IT and Cybersecurity certifications. Since its inception, the company has made the transition to providing award-winning IT solutions, products and services to a vast number of businesses and government organizations.

Our Mission:

To guide our clients through the security threat and compliance landscape.

Our Vision:

To enlighten the future in Cybersecurity Solutions.

Our Belief:

At Captiva Solutions, we operate with shared values of Teamwork, Integrity, Innovation, Passion, and Professionalism.

Our Promise:

We guarantee affordable, scalable solutions using innovative and adaptive technology to create maximum returns on security investments (ROSI).
